

16th June 2016

Dear Parents,

The children had a fantastic time in the woods on Wednesday and it was great to see that all of them are engaged and having fun, whilst learning some important skills. They made some fantastic mud creations, created bridges across the stream and put their habitat and mini-beast knowledge to great use. On that note, a few children came in wearing shorts, we don't recommend this as there are lots of bushes and plants that they can run into. They also are then unable to go into the stream. Our next one is 4th July.

In maths the children have been collecting and recording data. I posed the question, "what time do most Year 2 children go to sleep?" The results were very interesting (however possibly not very accurate) and they enjoyed deciding to show their data in a bar graph.

In English they have been looking at writing instructions and we watched a 'Mary Poppins' clip to find out about flying a kite. They wrote a list of instructions, made a kite, flew it and then went on to type a great adventure story including their kite during ICT.

Some of the children are wearing their school shoes for PE or are telling me they have no plimsolls or trainers in school. Could you please check that your child has the required kit for PE, thank you?

Kind regards,

Mrs Wardle and Mrs Patterson
