

Year 1 Newsletter

Friday 5th May 2017

Dear Parents and Carers,

We began this week by taking part in Forest School. We went on our very own bear hunt through the woods and managed to find Harry the bear. Luckily, he was very friendly and he let us help him prepare for a teddy bear tea party. We made

decorations, cooked food in the mud kitchen and made dens and play areas especially for the teddy bears.

In English this week, we learnt about the first mission to the moon. We watched videos of Apollo 11 taking off and saw Neil Armstrong take his first steps on the moon. We discussed why this was such an important event in history. Imagining what an experience it must have been for Neil Armstrong, we wrote diary entries for the day he took off into space and also for the day that he walked on the moon.

For maths, we learnt all about division. We know what the division symbol looks like and how we can a division number sentence. To work out the answer, we shared objects equally into groups, or drew pictures on white boards to help us.

In art this week, we looked at Piet Mondrian and his use of primary colours. We made our own Mondrian-style collages using coloured paper.

In English this week, we

In maths

For art

Kind regards,

Miss Hutchings
