

Year 3 Newsletter

Week Ending 26th May 2017

Thank you for the fantastic pieces of home learning on the animals of the rainforest. They all look fantastic and have been put on the class display. The children do not have any home learning during the half term, but it would be wonderful if they could continue to read.

During the half term, we would be grateful if the children's PE kits could be checked to ensure that they include all of the items that they might need. Unfortunately, we have had a lot of borrowing this term, as the children are taking items home, but not bringing them back before their next PE lesson.

Thank you.

I hope you all have a wonderful half term and enjoy the weather, if it continues!

English:

We have now finished our adventure story unit based on the story, 'The Lion, The Witch and the Wardrobe'. The children have thought about the story carefully and have been able to use this to help them to structure their own stories. They have been planning and writing their own stories this week and I have been amazed by some of the ideas that they have come up with.

They have all been incredibly enthusiastic and keen to share what they have produced.

Art:

This week in art the children have created their rainforest masks. They have completed their designs and created their templates of their chosen animal. They have now decorated these with their chosen colours and they are looking incredible. The children have thought carefully about their use of colour to make the masks look realistic.

Year 5 maths games

Year 5 have been working hard to design and create their own Math's games that are aimed at an age group. This week, they have shared these with Year 3. The children enjoyed working with the older children and playing the games that they have created.
