

Year 5 Newsletter

Hello, I hope you have had a great week. Thank you for all the donations for our harvest festival. They will be gratefully received by the Pilsdon Community. Also, thank you to those who came to the Book Look on Wednesday. I'm sure the children enjoyed showing off their hard work.

In Maths, we have been continuing with our work on angles. The children have been drawing and measuring angles using a protractor. We have also been working out angles in triangles, and around a point to try and solve a code.

In English, we have finished our book 'A Horse called Deathblow'. The children have been writing a jousting report, so have shown a great understanding of the Tudor sport! We have also written a recount of a jousting match between our hero Arthur and Hubert Fluffe, and they have written a list of commands as if they were King or Queen.

In History, we have continued our topic of the Tudors. We have learnt about the Tudor family tree and also about Henry VIII's six wives.

For home learning, the children have a 'mymaths' sheet to complete on missing angles in straight lines, right angles and around a point. Can this be completed by Wednesday 12th October please? If you have trouble accessing the website, please let me know and I can print the sheet off for you.

Mr Deakin
