

Friday 10th March 2017

Year 6 letter

Dear Parents,

This week in English we continued our S.P.O.O.C.S. topic, writing a set of instructions for how to catch a ghost and a very detailed recount about a ghost-hunting mission that went wrong. We have been solving lots of problems in Maths this week, involving the calculation of fractions and percentages of amounts and involving decimal notation of measures. In R.E. we looked at the 'I am...' sayings of Jesus. Mrs Bowie reported that an excellent Science lesson took place, looking at different types of drugs, including caffeine and alcohol. She was also delighted with the Fairtrade home learning that was produced.

Teacher of the Week

This week's teacher was Josh and he told the class all about video games. He spoke knowledgeably and clearly and gave the class a quiz. He showed his typical sense of humour, since his last question (worth more marks than all the others combined) was, 'Is Josh awesome?'

Home Learning

This week's home learning is a sheet of decimal notation word problems (to be completed by Tuesday 14th March) and a comprehension (to be completed by Friday 17th March).

The London Eye

We are all very much looking forward to our trip to London on Monday - fingers crossed for good weather! Just a few reminders:

- Children need to arrive at school between 8:15 am and 8:25am
- Children should wear school uniform, with comfortable footwear (such as trainers) and an appropriate coat (we will be outside for a lot of the day.)
- Children will need a packed lunch and several drinks, to be carried in a small rucksack
- No money is required
- We should be back at school by 3:15pm, but will send a message to confirm.

Best wishes,

Louise Grinstead
