Year 6 letter

Dear Parents,

What a week the children have had! The tests were long and hard, but I am full of admiration for how calm and mature the children were in their approach to them - they should be thoroughly proud of themselves.

Unsurprisingly, we didn't get much else done for the first four days of the week. Mrs Bowie did teach her usual history and science sessions. The children are learning about evolution and Mrs Bowie mentioned that some children had visited Down House, near Orpington, where Charles Darwin lived. They found it really interesting, so it may be worth taking your child for a visit over half term, if you have a spare day.

Today, half of the class have been out on the playground on their bikes, completing part 1 of their 'Bikeability' training. The other class have been busy with Design Technology, starting to create electrical scarecrows. On Monday, the groups will swap over.

Definitely no home learning this weekend - the children definitely deserve to relax and enjoy themselves!

Best wishes,

Louise Grinstead
