Year 6 letter

Dear Parents,

Hurray - we made it to the end of term! We still continued to do some work this week. In maths, the children found the volume of cubes and cuboids and began some work on algebra. In RE they considered dilemmas and the choices that could be made and in science they planned their electrical scarecrows in detail.

"Bells Ring Out!"

I hope you agree that the Key Stage 2 Nativity was a real success. I was really proud of the Year 6 children: they sang beautifully and with great confidence, they narrated clearly and expressively and they told the story really well through their actions. They looked very cute too!

Teacher of the Week

This week's teacher was Jess B. She spoke eloquently about the Greek Gods. There was an impressive (and alliterative) Great Greek Gods Guessing Game as well as an activity. Jess's lesson lasted a whole hour - teaching is obviously in the blood!

Home learning

No home learning ... it is Christmas after all!

A huge thank you

Thank you so much for all my wonderful gifts. You are so generous and they really are greatly appreciated. I know that Mrs Bowie and Mrs Perry would also like me to pass their thanks on to you.

Finally, I really do hope that you all have a wonderful, peaceful Christmas time and I shall look forward to seeing the children again in the New Year.

Best wishes,

Louise Grinstead

A festive graphic for Christmas. The word "Merry" is in red and green, "Christmas" is in red and green, and "mas" is in red and green. A candy cane with a red and white striped pattern and a green holly leaf and red berries is positioned between the "s" and "mas".

Merry
Christmas
