

Poppy Display

Dear Parents

We would like to make a special display to mark the 100 year anniversary of the end of World War 1. Every child will make a poppy, which will be put together to create a large 100. Year R children have already created their poppies, but we would like the rest of the school to make a poppy like the one below. Each child will need the bottom of a plastic bottle. Please could you send one into school as soon as possible? If you raid your recycling and find lots, please send them all in so that they can be shared. It would be really helpful if you could cut the tops off, as we won't be needing them. We look forward to sharing a picture of the end result with you.

Best wishes,

Mrs Grinstead and Miss Dale
