

Friday 2nd November 2018

Year 6 letter

Dear Parents,

This week the children have carried out quite a few assessment tasks. On Monday, we did lots of arithmetic revision, in preparation for an arithmetic test on Wednesday. Two further maths reasoning tests followed. We spent quite a lot of time finding out about evacuation during WW2, looking at information and watching video clips - the children are always fascinated by historical subjects and we had great discussions. Following on from this, the children imagined that they were an evacuee during the war and planned, then independently wrote, a detailed letter home. In art, the children are really enjoying creating a detailed hand picture with a watercolour background and in PE, in addition to our swimming session, the children had a dance lesson based on the hakka!

Forest School

We had an excellent Forest School session on Tuesday. The children love being outdoors and it's great to see a different side to them. For example, I have discovered that Edward is amazing at climbing trees, Ryan is the first to offer to cook (and eat) and Joseph is really creative and artistic with clay. Many thanks to Mrs White for coming in to help out. I urgently need more helpers for our other sessions on Friday 23rd November and Tuesday 18th December. Please let me know if you are available.

Home Learning

The children have one more weekend to complete their air raid shelter projects. Completed work should be returned to school on Monday 5th November please.

Best wishes,

Louise Grinstead
