

## Year 6 letter

Dear Parents,

This week, the children have spent the week solving lots of different maths problems, most of which needed several steps to find the solution. In English, the children wrote a creative diary entry in a science-fiction style and they used the Sainsbury's Christmas advert from 2014, 'The Christmas Truce', to write a descriptive recount about this event in history. P.E. involved fitness activities, whilst we learnt more about rationing during World War 2 in history.

I am writing this letter before we go to Leybourne Grange Nativity, but I am sure it will be the same, special event that it always is. It is wonderful for the children to take part and it really reminds us all about the true meaning of Christmas.

### Teacher of the Week

Lillie had prepared a great talk about inventions and after giving her presentation and showing a funny film clip, she encouraged the children to create their own invention that could change the world. We had some great ideas, from a pet talker to communicate with pets, to a 'spencil' - a tool that you talk into and it writes for you, to a personal money printer!

### Arrangements for the KS2 Christmas Nativity- 11<sup>th</sup> and 12<sup>th</sup> December

Just a reminder that on the nativity evenings I would like the Year 6 children to be at school by 5:30pm. To ensure the safety of the children, we will escort them all back to school at the end of the performances and we ask you to collect them from the KS2 building. If you are not attending the performance, please be at school to collect your child by 6:50pm.

### Forest School

Just in case you didn't spot the message in the Bulletin, Year 6 will no longer be doing Forest School on Friday 14<sup>th</sup> December. Year 1 had to have their second session cancelled and since Year 6 had already had two sessions this term, it only seemed fair to give them our third slot.

### Home Learning

This week, the children have spellings to learn and I would like them to use TT rockstars as many days as possible.

Best wishes,

Louise Grinstead
