7th January 2015

Dear Parents,

Next term the focus of our computing curriculum is going to be on e-safety, culminating in 'Safer Internet Day' on the 10th February, when the Year 6s will be delivering age appropriate e-safety presentations to all year groups.

As part of this training, we are delighted to be welcoming PCSO Sue Kemsley to our school on **Thursday 22nd January**, when she will be visiting Years 5 and 6 to talk to them about how to stay safe on the Internet, and also when using other mobile devices, such as phones and gaming consoles.

She has also offered to talk to **parents** on this same issue after school at 3.30pm. We feel this is particularly appropriate for parents of KS2, but obviously, any parent of the school who would like more advice on this very topical issue is more than welcome to attend. You will notice from her attached letter that this talk is not appropriate for children to attend, so we would like to offer to supervise the children after school to facilitate your attendance at this very important meeting. Please note this is only available for children that attend our school and NOT pre-schoolers.

We would be grateful if you could please let us know if you are able to attend by returning the reply slip on the attached letter by **Friday 16th January**. Please also indicate whether your child will require supervision. This will enable us to ensure there is adequate supervision for all children.

Many thanks and we look forward to seeing as many of you there as possible.

Yours sincerely,

Tina Moy and Marcos Diaz

We promote the learning and development of all children to achieve their full potential in a caring, happy, Christian environment.
