Year 4 Newsletter

Hello

I hope you have had a wonderful week.

In English, we have continued our new book, 'The Iron Man'. The children have written a police report about the missing iron machinery, a descriptive menu for the Iron Man, used drama to predict a scene and we have completed various SPaG activities.

In Maths, the children have been completing symmetrical patterns using a mirror and they have been finding the perimeter of 2D shapes. We have also been to the ICT suite to continue using TT Rockstars.

In Science, we have continued our new topic 'Electricity'. The children have been finding the differences between 'mains' electricity and 'battery-powered' electricity and they have made a poster about the 'Dangers of Electricity'.

In topic, we have also continued our new topic 'All about Italy!' We have been using information sheets to sort out statements about the Alps and the Apennines. The children showed a good level of comprehension and discovered lots of new information.

In Forest School this week the children were brilliant. They created dens, climbed trees and they made pizza rolls - this was their favourite activity!

For home learning this week, I would like the children to complete spelling list 2 from their new spelling books. I would also like the children to complete the MyMaths page on perimeter.

I hope you have a great week,

Mr Deakin, Mrs Gibbs and Mrs Ward.
