Year 4 Newsletter

Hello

I hope you have had a wonderful week.

In English, we have continued our new book, 'Billionaire Boy', by David Walliams. This week, we have written a diary entry about our best day at school, created a menu for our school and we have written a recount about the day a helicopter landed at Joe's school to deliver his homework.

In Maths, the children have been solving word problems involving converting units of measurement, solving word problems with all four written methods and solving money problems using MyMaths.

In ICT this week, the children have been coding a 'turtle' to move around the screen and to get to various points. The children then created their own animal scene by programming the animals to move when you pressed keys on the keyboard.

In Topic, the children have been reading maps and finding the four and six figure grid references. The children used various OS maps to find the locations of picnic tables, parking spaces and a church.

The children had a fantastic time at Carrotty Wood last week. They behaved beautifully and had great fun completing the activities and staying awake all night!

For home learning this week, I would like the children to complete spelling list 9 from their spelling books for their test. I would also like the children to read and record it

in their reading records.

I hope you have a great weekend,

Mr Deakin, Mrs Gibbs and Mrs Ward.
