

## *Spiritual, Moral, Social and Cultural Education and British Values*

*The children will be focusing on dreams and goals this term. The children are going to be setting goals and learning how we work towards them and how to cope with disappointment if we don't achieve them.*

## *Computing*

*In computing, we will be learning to code with the help of Purple Mash. The children will code different games and apps to complete a series of challenges. We will also be creating PowerPoints using Microsoft Power Point and using the internet to improve our research skills.*

## *Music*

*Our Music lessons will be used to build performances from different periods and styles. We will learn a Renaissance dance, walk down the aisle to Wagner's bridal march and dance the mashed potato!*

## *Art/Design Technology*

*We will be focusing on the artist Kandinsky. We will be re-creating his work and learning about his other pieces using watercolours and collages.*

## *English*

*In English this term, we will be studying a variety of books and different writing genres. We will be focussing on the book 'Billionaire Boy'. The children will use the text and complete a wide range of writing from it. The children will also complete regular SPaG tests and spelling tests throughout the term.*

*Year 4*

*Term 4*

## *Physical Education*

*In PE the children will be doing dance. The children will be using their Music lessons to create dances from different periods and styles. Once the weather gets warmer, the children will be learning the skills of Hockey. We will be learning the skills of passing, shooting, tackling and dribbling.*

## *Science*

*In Science we will be looking at Sound. The children will be learning about how sound is made, how sound travels to our ears, how vibrations make sounds louder and quieter and also how the pitch affects whether the sound is higher or lower. The children will also be making panpipes and string telephones to further demonstrate this knowledge.*

## *Mathematics*

*In Mathematics the children will be developing a wide range of mathematical understanding. The children will be focussing on solving word problems using all four methods, multiplying and dividing by 10, 100 and 1000, calculating the area and perimeter of shapes, using co-ordinates, translating and reflecting shapes and converting between different units of time. The children will also be using TT Rockstars to learn their times tables.*

## *Religious Education*

*The children will learn about 'Salvation'. We will be focussing on the main question 'Why do Christians call the day Jesus died 'Good Friday'?*

## *History / Geography*

*The children will be completing the topic 'Locational Knowledge'. The children will be using atlases and maps to discover different continents, oceans and capital cities. The children will also read maps using the four and six figure grid references.*
