

## Maths

This term the children be re-capping fractions and focussing on equivalent fractions and adding and subtracting with the same denominator. They will be counting up and down in hundredths and recognising the decimal equivalents. The children will be learning about multiples and factors and continuing to develop their reasoning and problem solving skills.

**Home Learning:** Occasionally maths sheets will be sent home, also please continue to ensure the children are practising their tables on TT Rockstars.

## Italian

The children will be learning the origins of the days of the week and looking at our Christian Values and their meanings in Italian.

## Computing

The children will be learning about how to protect themselves online. They will be learning about the term "phishing" and what it means, what is meant by the term malware and looking at the positive and negative influences of technology on health and the environment.

# Year 4 Term 2 2019

The value we are thinking about  
this term is:

**Respect**

## English

The children will be writing their own myths and using characters they create to complete letter and instruction writing. SPaG will continue to focus on possessive apostrophe use for singular and plural nouns. There will be an expectation of an increase in the quantity of their writing, whilst maintaining the quality and continued efforts to edit at regular intervals. Hand-writing is also a focus for this term, all children will be joining (unless told otherwise) and regular practice will be taken in class.

**In PE** the children will be learning to follow rules within team sports such as netball, football and cricket. Gymnastics will look at movement and control of their bodies. We will also complete circuit training.

## Music

The children will continue to develop their musical interpretation skills with Mrs Jaggard.

**SMSC** will focus on 'respect.' This will be respect of God's creations and, furthering on from their report writing, the children will think about how we can look after the world we have been given and each other. This will be the theme of our class led Worship.

**Science:** The children will continue to learn about 'States of Matter.' The focus will continue to be learning about the evaporation process and water cycle. Children will think about the properties of a gas, solid or liquid and be able to classify a variety of objects.

## Topic (History/Geography/Art/DT)

In topic the focus for this term will be learning about famous Romans through time. The children will learn about Nero and move onto learning about how Boudicca's revolt impacted the Romans and the Celts. The children will have a Roman day and taste some Roman food, make a catapult and have a talk from a very knowledgeable Roman expert. We will also be taking part in some Roman dancing!
