Leybourne Home Learning

Thank you for sharing your photos this week - it seems as though you are all keeping very busy! Also, we thought you might like to see some photos of a science experiment the children carried out in school last week!

Alfie challenged himself to a 20 mile bike ride in aid of the NHS. He ended up cycling 23 miles! This is brilliant - well done Alfie!

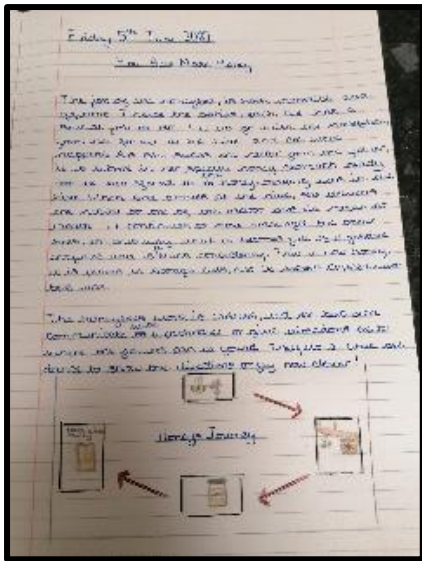

We are very proud of you both!

Lewis's mum set him a challenge to cycle 20 miles in aid of the NHS - he did 22 miles with his dad and here he is with his medal. What a fantastic achievement. Well done Lewis!

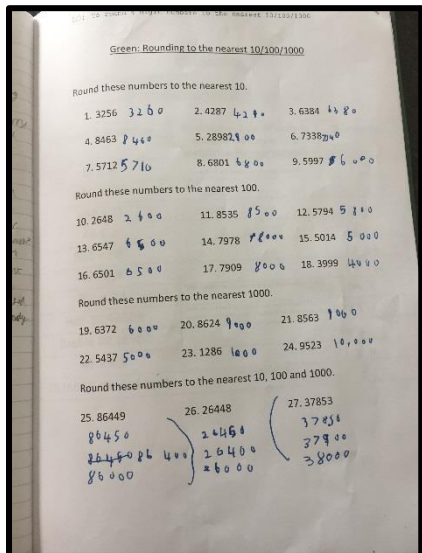

In science, Josh, Matthew T, Matthew D, Frankie and Sebby used food colouring to investigate how water is transported up the xylem tubes.

Abi's very neat and informative writing about how bees make honey.

Another busy week for Luke who has been rounding numbers to the nearest 10, 100 and 1000, writing about his ideal weekly menu and learning to fly his drone, amongst other things!
